Donna

I will remove the night differential for September 6th, per our conversation with Verne and Marilyn.

However, this OPM link does say that "Night pay is paid in addition to overtime, Sunday, or holiday premium pay."

https://www.opm.gov/policy-data-oversight/pay-leave/pay-administration/fact-sheets/night-pay-for-general-schedule-employees/

John: Can I suggest that we look into this further?

This refers to September 6th when I worked overtime from 3:45pm until 6:45pm doing work related to Hurricane Harvey.

Hi, Michael,

   John Spelman said that you don't qualify for a night differential. Would you change your timecard for 9-6-17?

Thank you,
